न किसी से वैर करे, न लड़ाई-झगड़ा करे, न आशा रखे, न भय ही करे। उसके लिये सभी दिशाएँ सदा सुखमयी हैं। जो कोई भी आरम्भ (फलकी इच्छासे कर्म) नहीं करता, जिसका कोई अपना घर नहीं है (जिसकी घरमें ममता नहीं है) जो मानहीन पापहीन और क्रोधहीन है, जो स्वच्छिन्त करनेमें, निपुण और विज्ञानवान् है।

ROTARIANS ON THE INTERNET (ROTI)

As a Rotary Fellowship, ROTI is about the first Object of Rotary: the development of acquaintance as an opportunity for service.

ROTI members are in a special position to develop acquaintances. With members from around 100 countries, friendship and acquaintance has taken on a whole new meaning and concept. ROTI members are in a position to further world understanding in a way none have ever experienced before.

The mission of ROTI is to apply modern information technology to enhance Rotary service, fellowship and knowledge, and to use Internet communications to further world understanding and peace.

Rotary International recommends that every District to have a web site to improve communications between clubs, DGs, DG staff and Rotary International. ROTI members world wide have contributed to this over the past 10 years.

Email has now become the standard means of communication between Rotary International staff and the hundreds of Districts throughout the world. We now use email to establish Projects, Matching Grants, Group Study Exchange planning, and reporting to Rotary International.

At the start of the 21st century, ROTI is conscious of our responsibility to ensure that new technologies are used effectively to help our organization. At the same time, we need to remember the old adage "If it isn't broken, don't fix it".

ROTI members have led the way (see history) in showing the rest of Rotary how Internet communication has increased the speed and efficiency of our all our programs.
