7. President Geeta invited the guest speaker PDG Debashish Mitra District Membership Chair 2019-2022 and his spouse Papia Mitra was welcomed

PDG Debashish Mitra said, we are committed to growing Rotary through outreach to new prospective members, engagement of our current members, and the creation of alternatives for membership. Critical to that growth is becoming more diverse and providing more opportunities for leadership for all Rotarians.

In support of this goal, the Rotary board of directors made a commitment to increase the number of women in Rotary and in leadership positions to 30 percent by 2023. Currently, women make up 23 percent of our membership, and represent, on an average, 20 percent of leadership positions.

In some areas of the world, women already make up more than 30 percent of Rotary's members and leaders. However, in some areas, that percentage is much less. But we all have a responsibility—men and women in every club and every district in the Rotary world—to help our organization diversify and grow so that we can remain relevant for future generations.
